

Hydrocarbon based release fluid formulated principally for the production of moulded concrete products.

PRODUCT CODE: FAMR

MOULD OIL

MOULD OIL A hydrocarbon based release fluid formulated principally for the production of moulded concrete products. Suitable for use on metal and timber form work, where it will preserve the timber and prevent corrosion on the metal. Produces a clean and positive release combined with a stain free finish.

BENEFITS:

- Use on both metal and timber form work.
- Preserves timber moulds.
- Prevents metal corrosion.
- Suitable for a variety of different moulds.
- Produces blemish free products

APPLICATION

This product should be applied to prepared moulds and formers by swab, brush or spray. On new wooden moulds two applications before first use will assist in extending the mould life

TYPICAL ANALYSIS

Appearance	Clear/ Straw Fluid
Density @ 15°C	0.85
Flash Point (°C)	>80
